6. **NON-EXCLUSIVE CONTRACT**

The intent of this Contract is to provide state agencies with an expedited means of procuring supplies and/or services. This Contract is for the convenience of state agencies and is considered by State to be a "Non-exclusive" use contract. Therefore, agencies may obtain this product/service from sources other than the Contract holder(s) as long as they comply with Title 18, MCA, and their delegation agreement. State does not guarantee any usage.

7. **PREVAILING WAGE REQUIREMENTS**

7.1 Montana Resident Preference. The nature of the work performed, or services provided, under this Contract meets the statutory definition of a "public works contract" in § 18-2-401(11), MCA. Unless superseded by federal law, Montana law requires that contractors and subcontractors give preference to the employment of Montana residents for any public works contract in excess of \$25,000 for construction or non-construction services. Contractor shall abide by the requirements set out in §§ 18-2-401 through 18-2-432, MCA, and all administrative rules adopted under these statutes.

The Commissioner of the Montana Department of Labor and Industry has established the resident requirements in accordance with §§ 18-2-403 and 18-2-409, MCA. Any and all questions concerning prevailing wage and Montana resident issues should be directed to the Montana Department of Labor and Industry. The Contractor is directed to the Montana Prevailing Wages Rates for Refuse and Recyclable Materials Collectors 2022. Please see Attachment A, rates can also be located at the following link: <http://erd.dli.mt.gov/labor-standards/state-prevailing-wage-rates>.

7.2 Standard Prevailing Rate of Wages. Unless superseded by federal law, all employees working on a public works contract must be paid prevailing wage rates in accordance with §§ 18-2-401 through 18-2-432, MCA, and all associated administrative rules. Montana law requires that all public works contracts, as defined in § 18-2-401(11), MCA, in which the total cost of the contract is greater than \$25,000, contain a provision stating for each job classification the standard prevailing wage rate, including fringe benefits, travel, per diem, and zone pay that the contractors, subcontractors, and employers shall pay during the public works contract.

Because this Contract has an initial term of 12 months with optional renewals, this Contract is subject to the 3% adjustment when the Contract length becomes more than 30 months. The 3% rate increase becomes effective upon the second renewal, and the 3% is paid starting in the third year of the Contract beginning with the 25th month. The adjustment must be made and applied every 12 months for the term of the Contract. This adjustment is the sole responsibility of Contractor and no cost adjustment in this Contract will be allowed to fulfill this requirement.

7.3 Notice of Wages and Benefits. Section 18-2-406, MCA, requires that all contractors, subcontractors, and employers who are performing work or providing services under a public works contract post in a prominent and accessible site on the project staging area or work area, no later than the first day of work and continuing for the entire duration of the contract, a legible statement of all wages and fringe benefits to be paid to the employees in compliance with § 18-2-423, MCA.

7.4 Wage Rates, Pay Schedule, and Records. Section 18-2-423, MCA, requires that employees receiving an hourly wage must be paid on a weekly basis. Each contractor, subcontractor, and employer shall maintain payroll records in a manner readily capable of being certified for submission under § 18-2-423, MCA, for not less than three (3) years after the contractor's, subcontractor's, or employer's completion of work on the public works contract.

The Commissioner of the Montana Department of Labor and Industry has established the standard prevailing rate of wages in accordance with §§ 18-2-401 and 18-2-402, MCA, for Refuse and Recyclable Materials Collectors to be \$22.03 per hour, plus a benefit rate of \$9.78.

7.5 New Prevailing Wage Rates Applicable Upon Renegotiation. If the initial Contract provides for an extension of the contract at the same negotiated compensation rate originally agreed on, this constitutes a "renewal" that would utilize the same prevailing wage rates (base and fringe benefits) in effect at the time of the initial solicitation.

An increased or decreased compensation rate for the contractor during the agreed extension of the Contract constitutes a "renegotiation" and the prevailing wage rates in effect at the time of such renegotiation would apply. In addition, the 30-month period restarts.

8. ACCESS AND RETENTION OF RECORDS

8.1 Access to Records. Contractor shall provide State, Legislative Auditor, or their authorized agents access to any records necessary to determine Contract compliance. State may terminate this Contract under Section 16, Contract Termination, without incurring liability, for Contractor's refusal to allow access as required by this section. (§ 18-1-118, MCA.)

(§ 18-4-141, MCA) Contractor is responsible to State for the acts and omissions of all subcontractors or agents and of persons directly or indirectly employed by such subcontractors, and for the acts and omissions of persons employed directly by Contractor. No contractual relationships exist between any subcontractor and State under this Contract.

10. DEFENSE, INDEMNIFICATION / HOLD HARMLESS

Contractor waives all claims, demands, causes of action, and recourse against the State, including claims of contribution or indemnity, arising in favor of Contractor on account of property damage, personal injury, bodily injury, death, or financial or other loss of any kind that in any way, directly or indirectly, arise or allegedly arise out of or in connection with this Contract.

11.4 Specific Requirements for Automobile Liability. Contractor shall purchase and maintain coverage with split limits of \$500,000 per person (personal injury), \$1,000,000 per accident occurrence (personal injury), and \$100,000 per accident occurrence (property damage), OR combined single limits of \$1,000,000 per occurrence, to cover such claims as may be caused by any act, omission, or negligence of Contractor or its officers, agents, representatives, assigns, or subcontractors.

State, its officers, officials, employees, and volunteers are to be covered and listed as additional insureds for automobiles leased, owned, or borrowed by Contractor.

11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be declared to and approved by State. At the request of State either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects State, its officers, officials, employees, or volunteers; or (2) at the expense of Contractor, Contractor shall procure a bond guaranteeing payment of losses and related investigations, claims administration, and defense expenses.

Proof of compliance must be in the form of workers' compensation insurance, an independent contractor's exemption, or documentation of corporate officer status. (§ 18-4-313(4), MCA). If state or federal government funds are not appropriated or otherwise made available through the state budgeting process to support continued performance of this Contract (whether at an initial contract payment level or any contract increases to that initial level) in subsequent fiscal periods, State shall terminate this Contract as required by law. In no event, however, shall the notice be provided later than five working days after the onset. If the notice is not provided within the five-day period, then a party may not claim a force majeure event. A force majeure condition suspends a party's obligations under this Contract, unless the parties mutually agree that the obligation is excused because of the condition.

19. WAIVER OF BREACH

Either party's failure to enforce any contract provisions after any event of breach is not a waiver of its right to enforce the provisions and exercise appropriate remedies if the breach occurs again. Neither party may assert the defense of waiver in these situations.

22.1 Technical or Contractual Problems. Contractor shall meet with State's personnel, or designated representatives, to resolve technical or contractual problems occurring during the Contract term or to discuss the progress made by Contractor and State in the performance of their respective obligations, at no additional cost to the State. State may request the meetings as problems arise and will be coordinated by State. State shall provide Contractor a minimum of three full working days' notice of meeting date, time, and location. Face-to-face meetings are desired; however, at Contractor's option and expense, a conference call meeting may be substituted. Contractor's consistent failure to participate in problem resolution meetings, Contractor missing or rescheduling two consecutive meetings, or Contractor's failure to make a good faith effort to resolve problems may result in termination of the Contract.

22.2 Failure to Notify. If Contractor fails to specify in writing any problem or circumstance that materially affects the costs of its delivery of services or products, including a material breach by State, about which Contractor knew or reasonably should have known with respect to the period during the term covered by Contractor's status report, Contractor shall not be entitled to rely upon such problem or circumstance as a purported justification for an increase in the price for the agreed upon scope.

22.3 State's Failure or Delay. For a problem or circumstance identified in Contractor's status report in which Contractor claims was the result of State's failure or delay in discharging any State obligation, State shall review same and determine if such problem or circumstance was in fact the result of such failure or delay. If State agrees as to the cause of such problem or circumstance, then the parties shall extend any deadlines or due dates affected thereby and provide for any additional charges by Contractor. This is Contractor's sole remedy. If State does not agree as to the cause of such problem or circumstance, the parties shall each attempt to resolve the problem or circumstance in a manner satisfactory to both parties.

23. TRANSITION ASSISTANCE

If this Contract is not renewed at the end of this term, if the Contract is otherwise terminated before project completion, or if particular work on a project is terminated for any reason, Contractor shall provide transition assistance for a reasonable, mutually agreed period of time after the expiration or termination of this Contract or particular work under this Contract. The purpose of this assistance is to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to State or its designees. The parties agree that such transition assistance is governed by the terms and conditions of this Contract, except for those terms or conditions that do not reasonably apply to such transition assistance. State shall pay Contractor for any resources utilized in performing such transition assistance at the most current Contract rates. If State terminates a project or this Contract for cause, then State may offset the cost of paying Contractor for the additional resources Contractor utilized in providing transition assistance with any damages State may have sustained as a result of Contractor's breach.

24. CHOICE OF LAW AND VENUE

Montana law governs this Contract. The parties agree that any litigation concerning this bid, proposal, or this Contract must be brought in the First Judicial District in and for the County of Lewis and Clark, State of Montana, and each party shall pay its own costs and attorney fees, except as provided in Section 10, Defense, Indemnification/Hold Harmless.

25. TAX EXEMPTION

State of Montana is exempt from Federal Excise Taxes (#81-0302402) except as otherwise provided in the federal Patient Protection and Affordable Care Act 42 U.S.C. § 18001 et seq.

26. PERSONAL PROPERTY TAX

All personal property taxes will be paid by Contractor.

27. AUTHORITY

This Contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

28. SEVERABILITY

A declaration by any court or any other binding legal source that any provision of the Contract is illegal and void shall not affect the legality and enforceability of any other provision of the Contract, unless the provisions are mutually and materially dependent.

29. PARAGRAPH HEADINGS

The captions and headings set forth in this Contract are for convenience of reference only and shall not be construed so as to define or limit the terms and provisions hereof.

30. SCOPE, ENTIRE AGREEMENT, AND AMENDMENT

30.1 Contract. This Contract consists of thirteen (13) numbered pages, any Attachments as required, Solicitation # COR-IFB-2022-0384NR, as amended, and Contractor's response, as amended. In the case of dispute or ambiguity arising between or among the documents, the order of precedence of document interpretation is the same.

30.2 Entire Agreement. These documents are the entire agreement of the parties. They supersede all prior agreements, representations, and understandings. Any amendment or modification must be in a written agreement signed by the parties.

31. WAIVER

State's waiver of any Contractor obligation or responsibility in a specific situation is not a waiver in a future similar situation or is not a waiver of any other Contractor obligation or responsibility.

32. EXECUTION

The parties through their authorized agents have executed this Contract on the dates set out below.

B. Definition of Nonconstruction Services Occupations

Section 18-2-401(9)(a)-(9)(l), MCA defines “nonconstruction services” as “...work performed by an individual, not including management, office, or clerical work, for:

- (a) the maintenance of publicly owned buildings and facilities, including public highways, roads, streets, and alleys;
- (b) custodial or security services for publicly owned buildings and facilities;
- (c) grounds maintenance for publicly owned property;
- (d) the operation of public drinking water supply, waste collection, and waste disposal systems;
- (e) law enforcement, including janitors and prison guards;
- (f) fire protection;
- (g) public or school transportation driving;
- (h) nursing, nurse's aid services, and medical laboratory technician services;
- (i) material and mail handling;
- (j) food service and cooking;
- (k) motor vehicle and construction equipment repair and servicing; and
- (l) appliance and office machine repair and servicing.”

C. Definition of Public Works Contract

Section 18-2-401(11)(a), MCA defines “public works contract” as “...a contract for construction services let by the state, county, municipality, school district, or political subdivision or for nonconstruction services let by the state, county, municipality, or political subdivision in which the total cost of the contract is in excess of \$25,000...”

D. Prevailing Wage Schedule

This publication covers only Nonconstruction Service occupations and rates. These rates will remain in effect until superseded by a more current publication. Current prevailing wage rate schedules for Heavy, Highway, and Building Construction occupations can be found on the Internet at erd.dli.mt.gov/labor-standards or by contacting the department at (406) 444-6543.

E. Rates to Use for Projects

ARM, 24.17.127(1)(c), states “The wage rates applicable to a particular public works project are those in effect at the time the bid specifications are advertised.”

F. Wage Rate Adjustments for Multiyear Contracts

Section 18-2-417, MCA states:

“(1) Any public works contract that by the terms of the original contract calls for more than 30 months to fully perform must include a provision to adjust, as provided in subsection (2), the standard prevailing rate of wages to be paid to the workers performing the contract.

(2) The standard prevailing rate of wages paid to workers under a contract subject to this section must be adjusted 12 months after the date of the award of the public works contract. The amount of the adjustment must be a 3% increase. The adjustment must be made and applied every 12 months for the term of the contract.

(3) Any increase in the standard rate of prevailing wages for workers under this section is the sole responsibility of the contractor and any subcontractors and not the contracting agency.”

G. Fringe Benefits

Section 18-2-412, MCA states:

“(1) To fulfill the obligation...a contractor or subcontractor may:

(a) pay the amount of fringe benefits and the basic hourly rate of pay that is part of the standard prevailing rate of wages directly to the worker or employee in cash;

(b) make an irrevocable contribution to a trustee or a third person pursuant to a fringe benefit fund, plan, or program that meets the requirements of the Employee Retirement Income Security Act of 1974 or that is a bona fide program approved by the U. S. department of labor; or

(c) make payments using any combination of methods set forth in subsections (1)(a) and (1)(b) so that the aggregate of payments and contributions is not less than the standard prevailing rate of wages, including fringe benefits and travel allowances, applicable to the district for the particular type of work being performed.

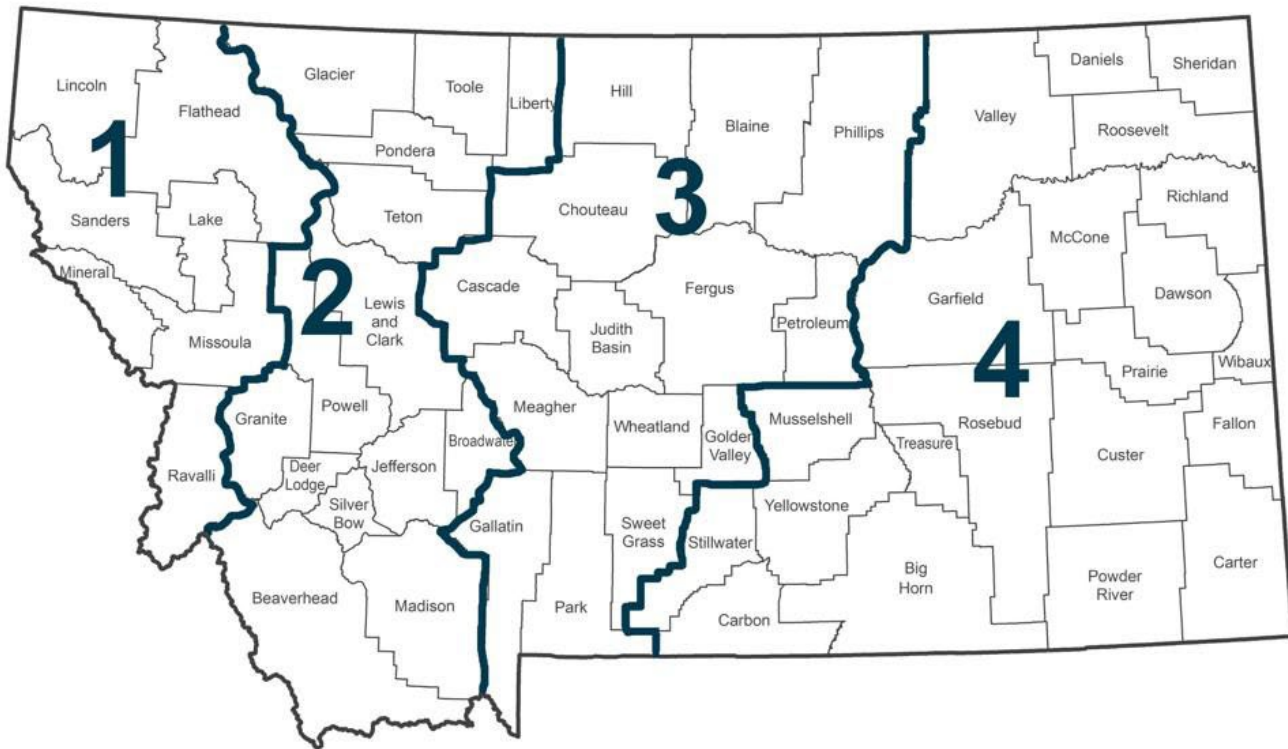

(2) The fringe benefit fund, plan, or program described in subsection (1)(b) must provide benefits to workers or employees for health care, pensions on retirement or death, life insurance, disability and sickness insurance, or bona fide programs that meet the requirements of the Employee Retirement Income Security Act of 1974 or that are approved by the U. S. department of labor.”

Fringe benefits are paid for all hours worked (straight time and overtime hours). However, fringe benefits are not to be considered a part of the hourly rate of pay for calculating overtime, unless there is a collectively bargained agreement in effect that specifies otherwise.

H. Prevailing Wage Districts

Montana counties are aggregated into 4 districts for the purpose of prevailing wage. The prevailing wage districts are composed of the following counties:

Montana Prevailing Wage Districts

I. Dispatch City

ARM, 24.17.103(11), defines dispatch city as “...the courthouse in the city from the following list which is closest to the center of the job: Billings, Bozeman, Butte, Great Falls, Helena, Kalispell, Miles City, Missoula and Sidney.” A dispatch city shall be considered the point of origin only for jobs within the counties identified in that district (as shown below):

- District 1 – Kalispell and Missoula: includes Flathead, Lake, Lincoln, Mineral, Missoula, Ravalli, and Sanders;
- District 2 – Butte and Helena: includes Beaverhead, Broadwater, Deer Lodge, Glacier, Granite, Jefferson, Lewis and Clark, Liberty, Madison, Pondera, Powell, Silver Bow, Teton, and Toole;
- District 3 – Bozeman and Great Falls: includes Blaine, Cascade, Chouteau, Fergus, Gallatin, Golden Valley, Hill, Judith Basin, Meagher, Park, Petroleum, Phillips, Sweet Grass, and Wheatland;
- District 4 – Billings, Miles City and Sidney: includes Big Horn, Carbon, Carter, Custer, Daniels, Dawson, Fallon, Garfield, McCone, Musselshell, Powder River, Prairie, Richland, Roosevelt, Rosebud, Sheridan, Stillwater, Treasure, Valley, Wibaux, and Yellowstone.

J. Zone Pay

Zone pay is not travel pay. ARM, 24.17.103(24), defines zone pay as “...an amount added to the base pay; the combined sum then becomes the new base wage rate to be paid for all hours worked on the project. Zone pay must be determined by measuring the road miles one way over the shortest practical maintained route from the dispatch city to the center of the job.” See section I above for a list of dispatch cities.

K. Computing Travel Benefits

ARM, 24.17.103(22), states “ ‘Travel pay,’ also referred to as ‘travel allowance,’ is and must be paid for travel both to and from the job site, except those with special provisions listed under the classification. The rate is determined by measuring the road miles one direction over the shortest practical maintained route from the dispatch city or the employee’s home, whichever is closer, to the center of the job.” See section I above for a list of dispatch cities.

L. Per Diem

ARM, 24.17.103(18), states “ ‘Per diem’ typically covers costs associated with board and lodging expenses. Per diem is paid when an employee is required to work at a location outside the daily commuting distance and is required to stay at that location overnight or longer.”

M. Apprentices

Wage rates for apprentices registered in approved federal or state apprenticeship programs are contained in those programs. Additionally, section 18-2-416(2), MCA states “...The full amount of any applicable fringe benefits must be paid to the apprentice while the apprentice is working on the public works contract.” Apprentices not registered in approved federal or state apprenticeship programs will be paid the appropriate journey level prevailing wage rate when working on a public works contract.

N. Posting Notice of Prevailing Wages

Section 18-2-406, MCA provides that contractors, subcontractors and employers who are “...performing work or providing construction services under public works contracts, as provided in this part, shall post in a prominent and accessible site on the project or staging area, not later than the first day of work and continuing for the entire duration of the project, a legible statement of all wages and fringe benefits to be paid to the employees.”

O. Employment Preference

Sections 18-2-403 and 18-2-409, MCA requires contractors to give preference to the employment of bona fide Montana residents in the performance of work on public works contracts.
